THE '16' SAINTS OF

CLASS OF 82

Young men,
do not scorn
the advice
of your elders.
In your relations
with one another
clothe yourselves
with humility.
God is stern
with the arrogant,
but to the humble
He shows mercy.
Cast your cares
upon the Lord,
for He cares
for you.

Stay sober,
and be alert,
for the Devil goes
like a lion
seeking someone
to devour.
Resist evil,
be strong in faith.
Realize that others
suffer as you do
throughout the world.
The God of grace,
who called you to
everlasting glory,
will Himself restore,
confirm, strengthen
and establish you
after you have suffered
for a little while.
1 Peter 5:5-10

Instead of asking: "How should I pray?" we should ask: "How can I grow?" How do I touch what is most real in myself, and others —

Dear Graduates of 1982,

Memories of a year ago rush over me as I write these few lines. Then I was not only your Principal but your teacher as well. Perhaps you won't remember for long anything I taught you, but my memories of you will linger the rest of my life. You taught me a great deal about the people of St. Joseph College — their hopes, their fears, their goodness.

I wish all of you happiness. Devotion to duty, respect for all human beings, and respect for yourself are the foundation of the happiness I wish you. Underlying all that must be a firm belief in God reinforcing your devotion to duty and leading you to happiness no matter what lies ahead.

Face the future with courage. You now have the strength to meet every challenge. Surely you can hope for good health and pleasure, but life guarantees neither. Draw on the strength you have and be big enough to share it with others. At St. Joseph College we tried to teach you to give. Giving is the ultimate secret of happiness. Cherish that teaching the rest of your lives.

God love you now and always,

Bro. Donald McKee, S.M.

Dear Seniors of '82,

Graduation time has come — the time to say SAYONARA! Many are the happy memories you take with you from the time Mother brought you to the first grade till the time you received your coveted Diploma.

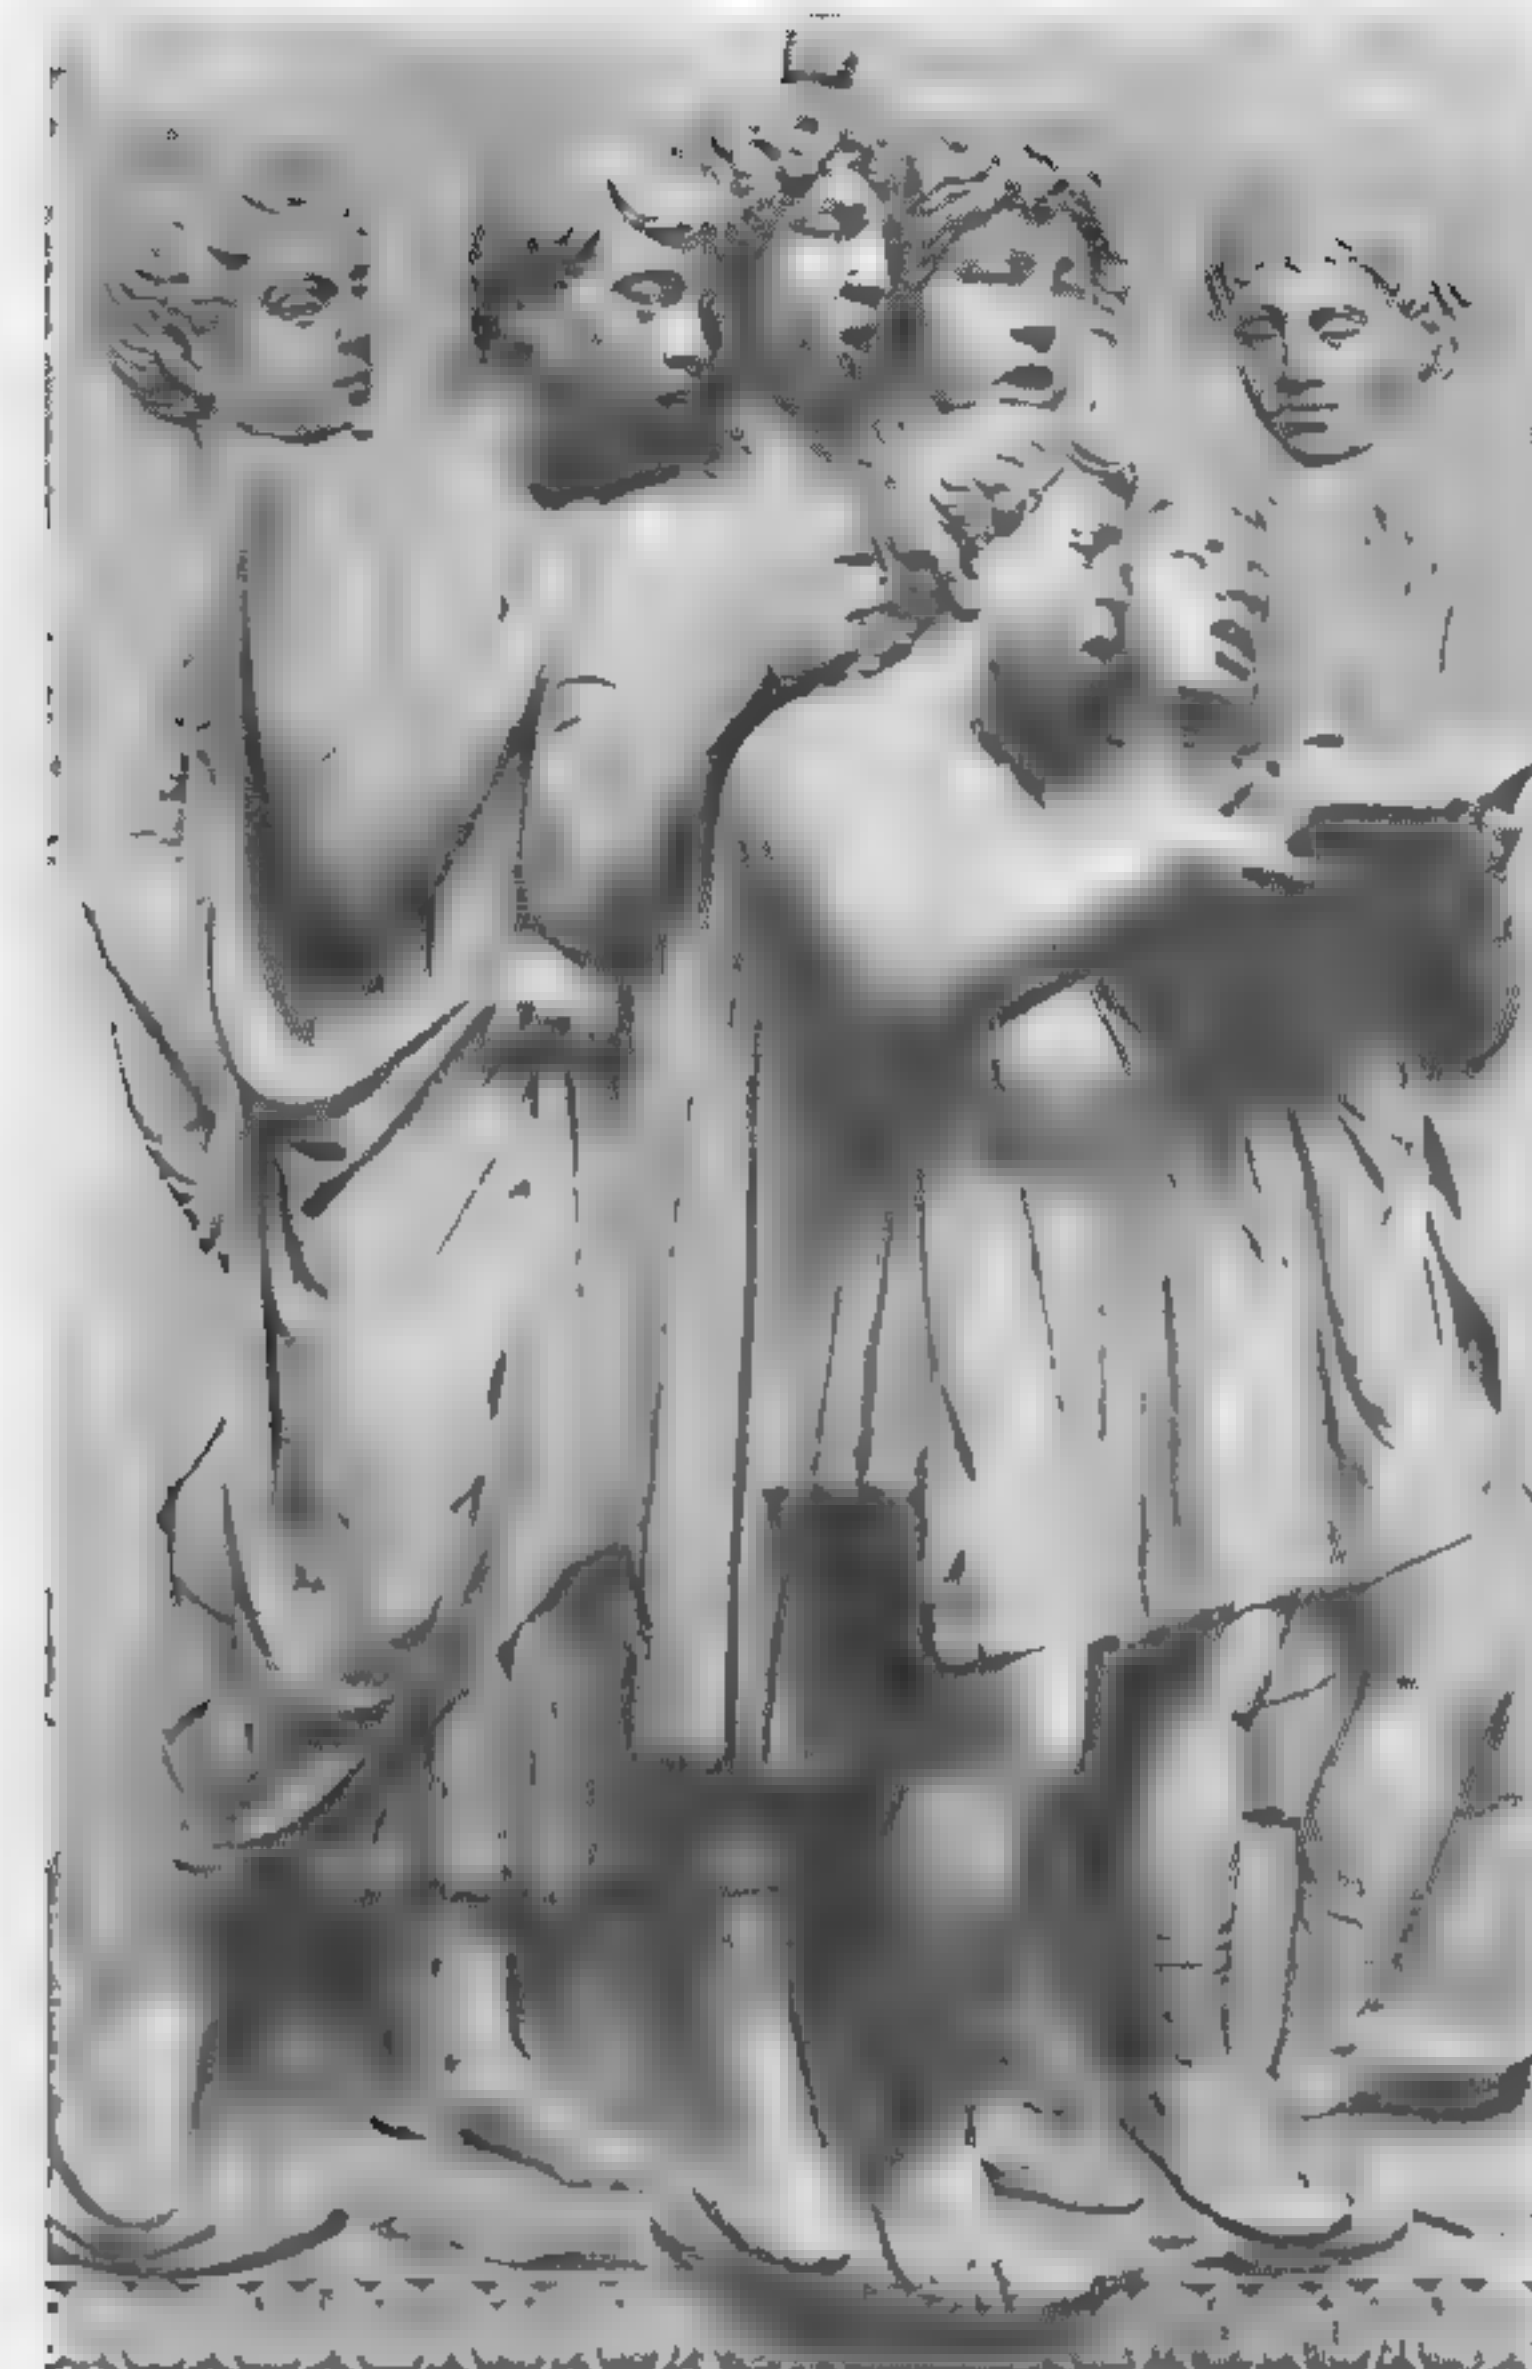

In all of them, however, there's one thing you really have — hold on to it fast — and that is the spirit of "the 16 Saints" of St. Joseph College '82. You know what that means: your closeness to one another, your respect and love for one another, your happiness for one another, your sympathy for each other in those lonely moments and your sticking together through thick and thin. All of this is the sum and substance of the spirit of the class of '82.

In leaving your Alma Mater and in all your pursuits, keep the motto of SJC ever high: "Forward with Faith and Fortitude!"

God bless you and keep you! And Our Lady be with all of you always!

Francis W. Burkhardt

Let's sing about it,
Let's shout about it,
And tell the world about it!

One man is silent and is thought wise.
Another is talkative and is disliked.
One man is silent because he has nothing to say;
Another is silent, biding his time.
A wise man is silent until the right time comes.

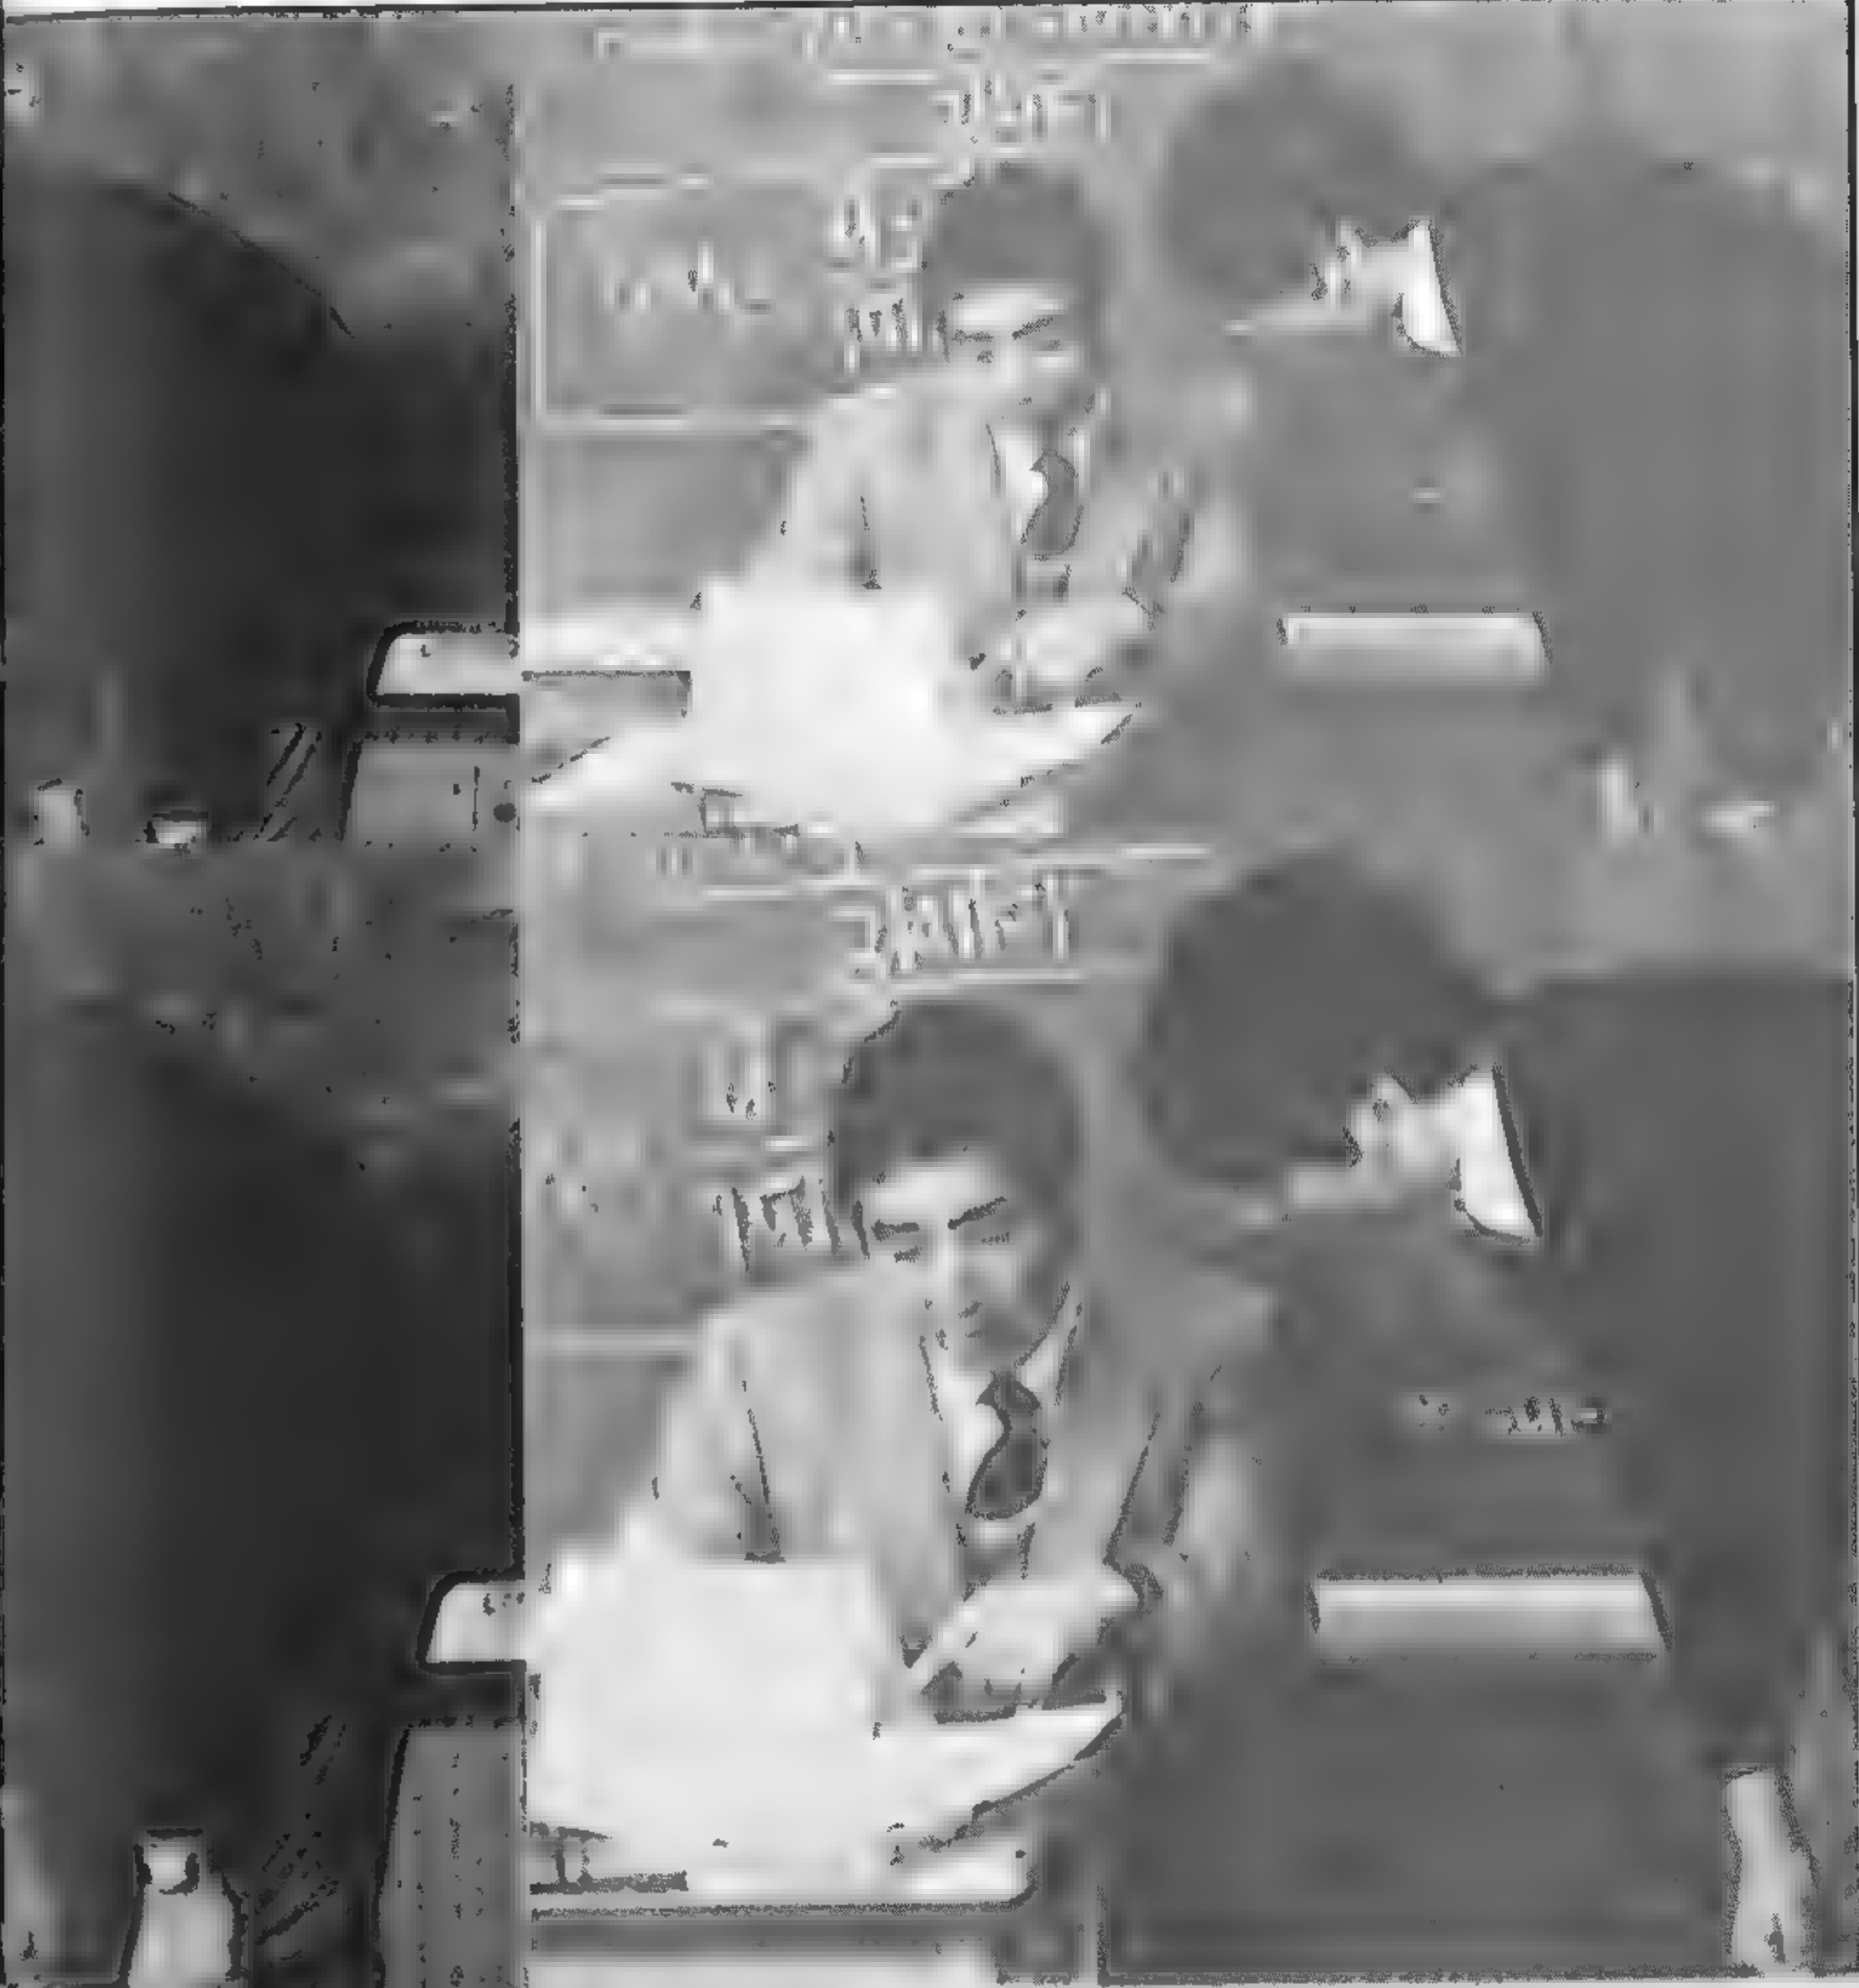

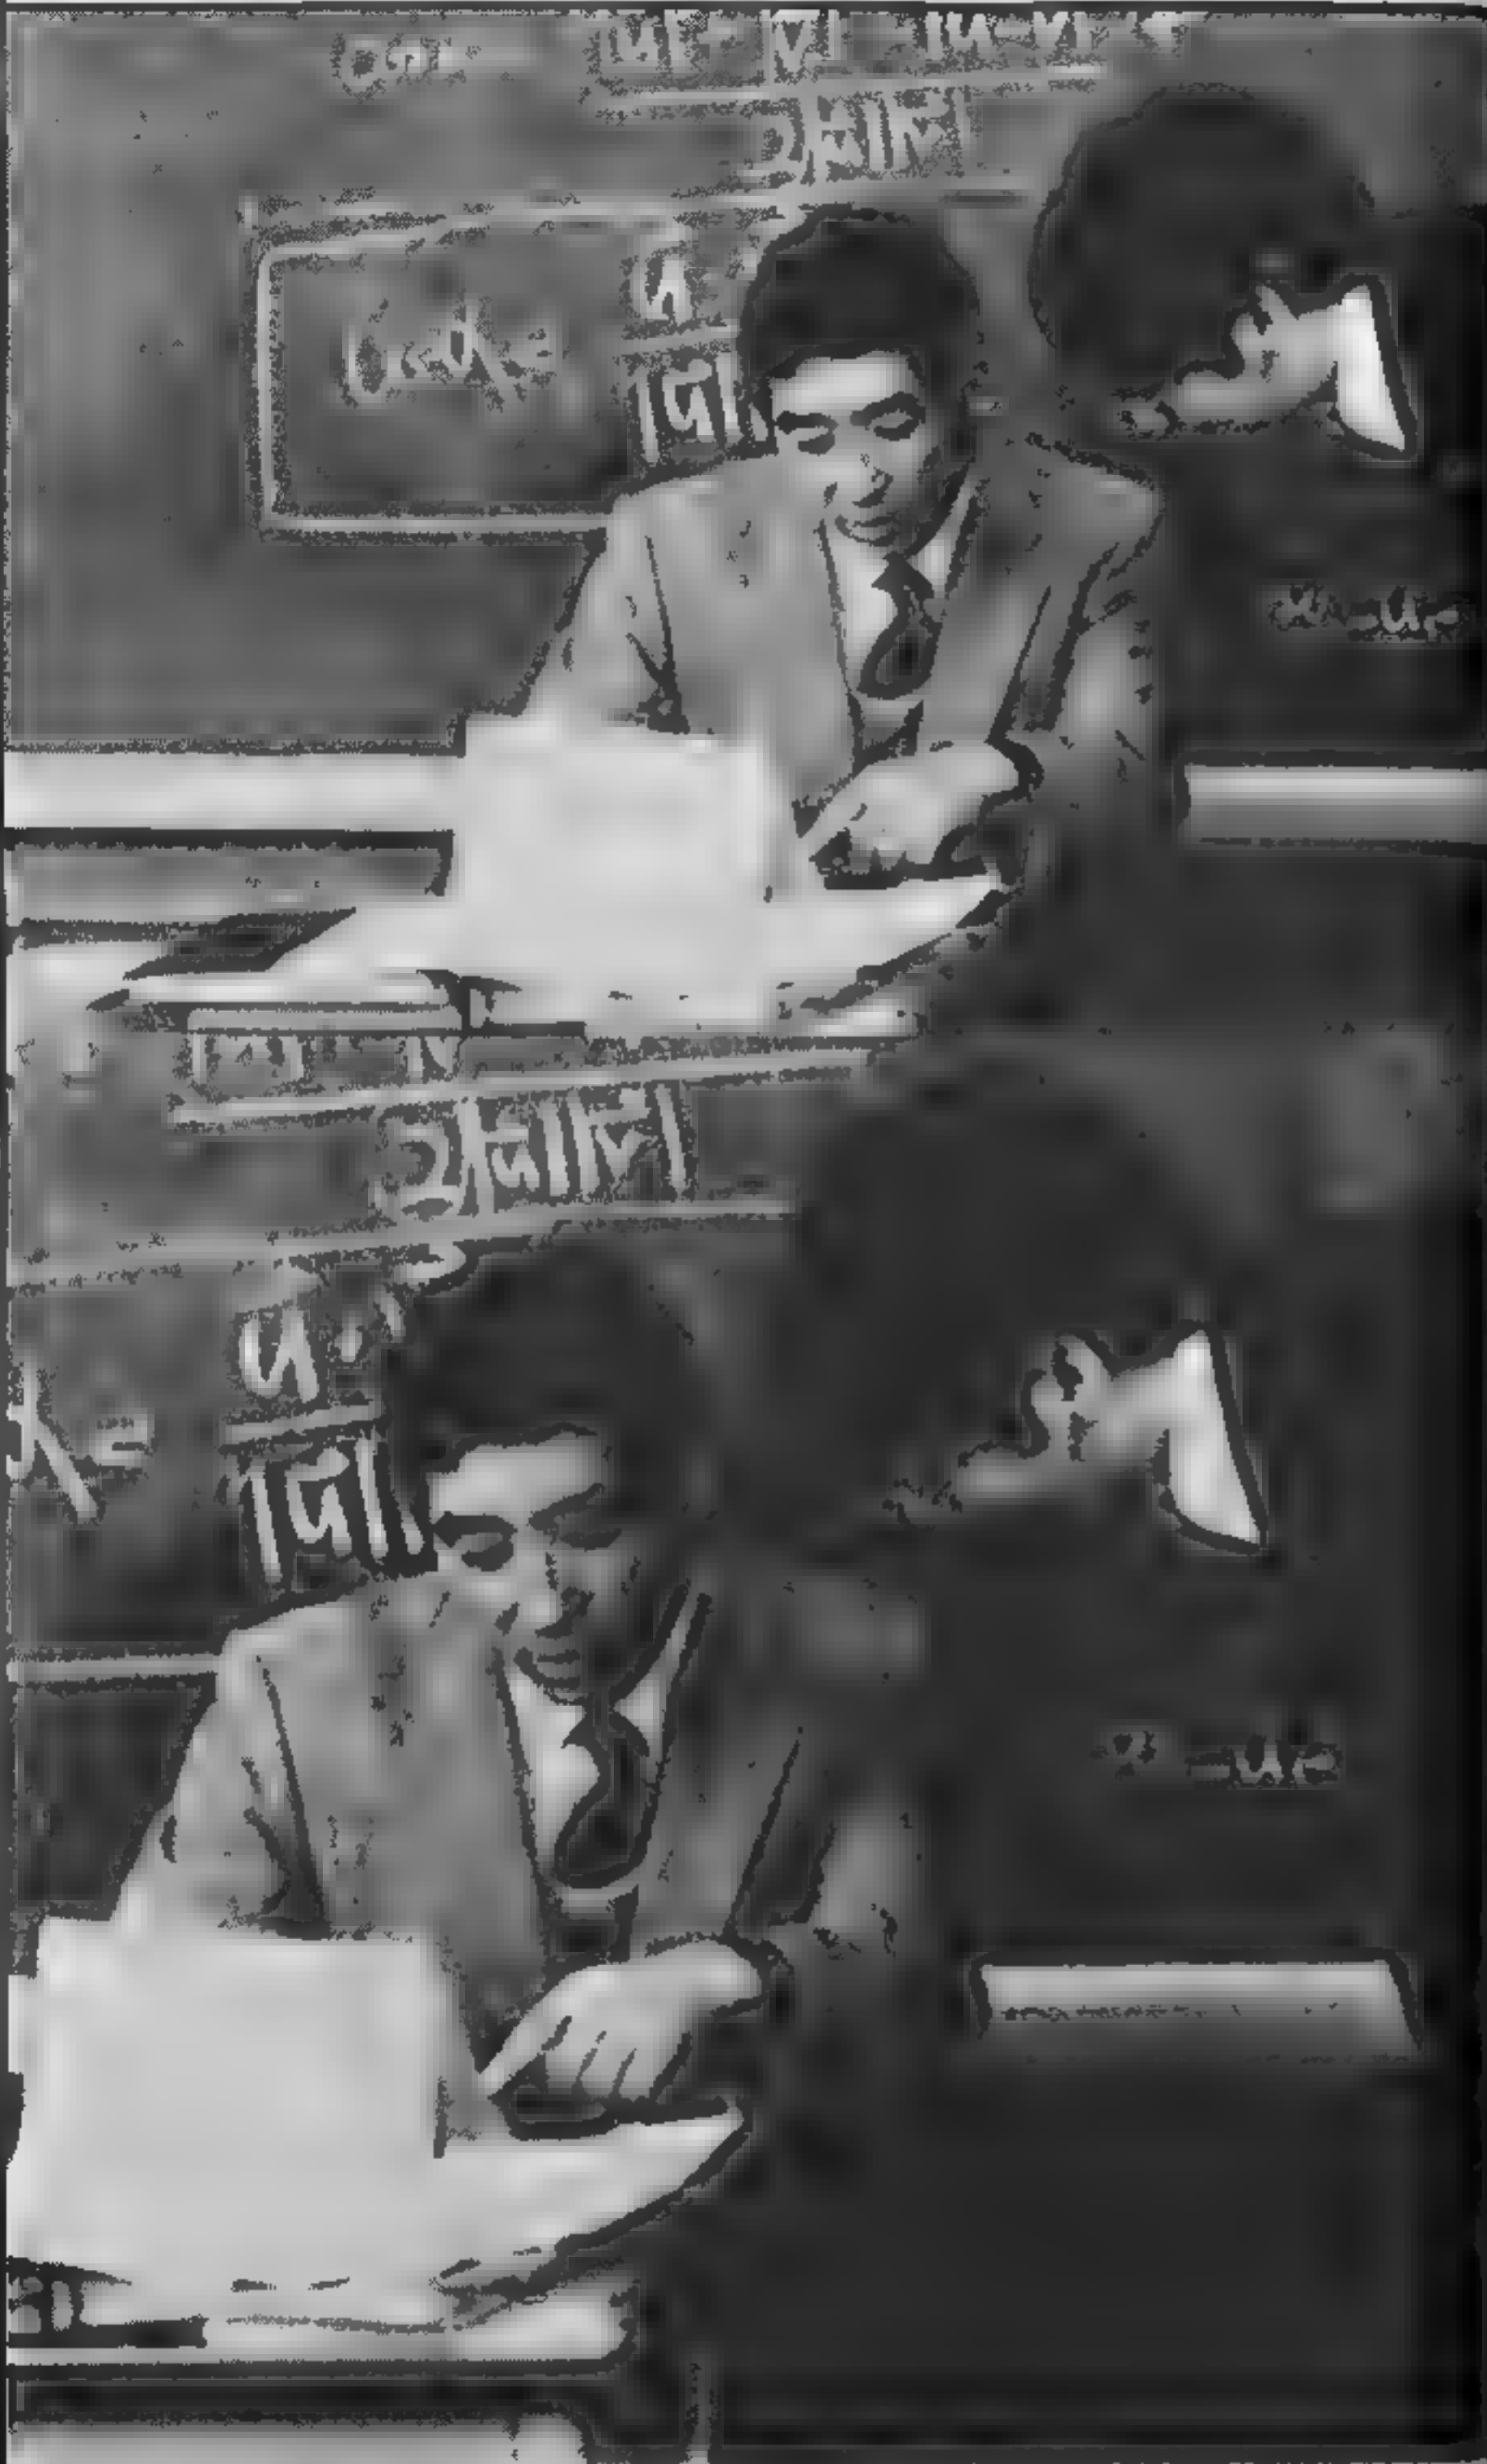

Sirach 20: 4-6

Well . . .
The time has come
to celebrate. . .

True wisdom comes from the Lord,
And remains forever.
The sands of the seashore,
The drops of rain,
The days of eternity —
Who can number these?
Heaven's height, earth's breadth,
The depths of the abyss —
Who can explore these?
Before all things else,
Wisdom was created;
And prudent understanding
Is from eternity.
The fear of the Lord is glory
And splendor; gladness,
And a festive crown.

Gladness of heart
Is the very life of man;
Cheerfulness prolongs his days.
Do not give in to sadness,
Torment not yourself with brooding.
Distract yourself,
Renew your courage;
Drive resentment far from you.
For worry has brought death to many,
And nothing is gained by resentment.
One who is cheerful while at table
Benefits more from his food.

**EIGHTH GRADE
GRADUATES**

Sadao Fujiki

When I get into high school I will be happy. I will be happy being with my same classmates.

Masaru Iwai

I don't feel anything special about becoming a high school student or going through graduation.

Wilson E. Fujinaga

I think graduation is not so good, because we get diplomas and then people will judge us by how many diplomas we get.

Ryu Jo

Graduation is sitting on a stage facing an audience for a long time. When we become freshmen we use those uncomfortable folding chairs.

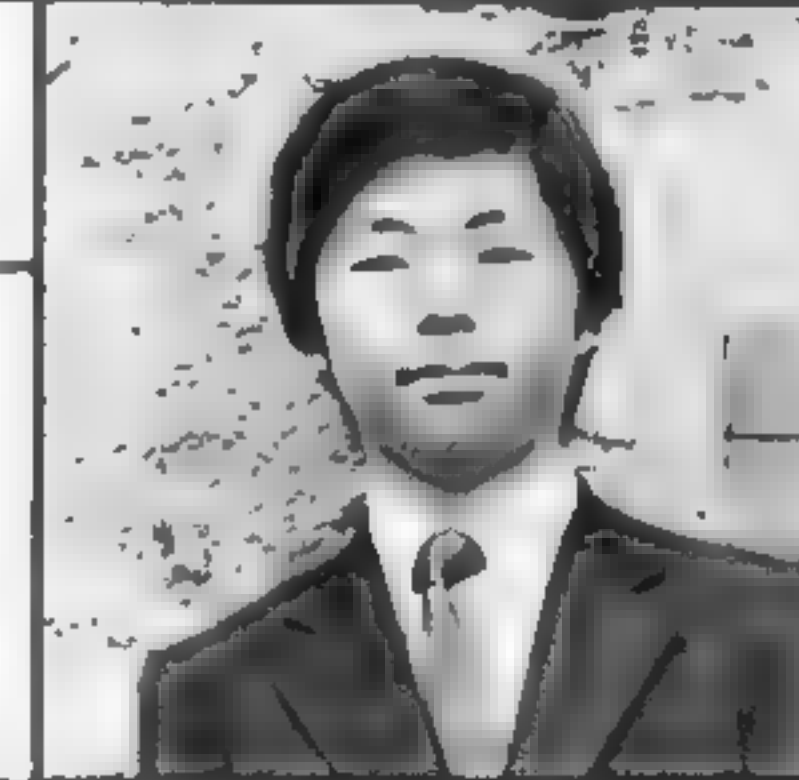

Eiji Inagaki

I want to do everything I can to enjoy life. No dreams are too high.

Yuzo Kaneko

I think studies are harder in high school, so we should try harder in every course.

Masanobu Inoue

Graduating from 8th grade is the same as graduating from childhood. After the graduation ceremony starts adult life.

Hisanori Kita

I think I'm great in the 8th grade. But next year — I don't know.

Hideichiro Ishibashi

When we become high school students, it seems that we are going to a far place. But it's the same place, so I feel a little happy.

Keun Nyeun Koo

It might be nice to enter high school. You grew up. But it's terrible for you, because you have to be responsible for more thing.

Christopher Lockwood

I feel very happy and glad that I will become a freshman.

Toshihiro Matsui

I'm glad that I skipped the 7th grade and can be a freshman next year. I'll try hard to improve my English in high school.

James Pau

I will meet new teachers and take on new work. I can sit on those uncomfortable chairs.

Toshikazu Sano

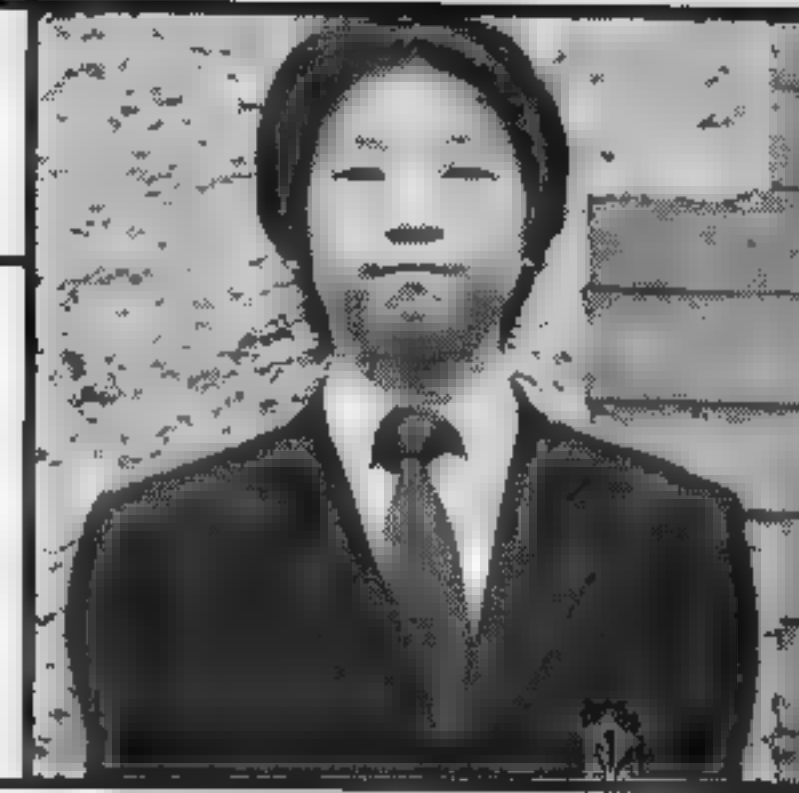

I'm very glad to graduate. If I become a high school student, I'll want to study harder.

Takuya Sato

Graduating from the 8th grade is a good thing, because we get out of grade school life and become members of the high school.

Eijiro Seto

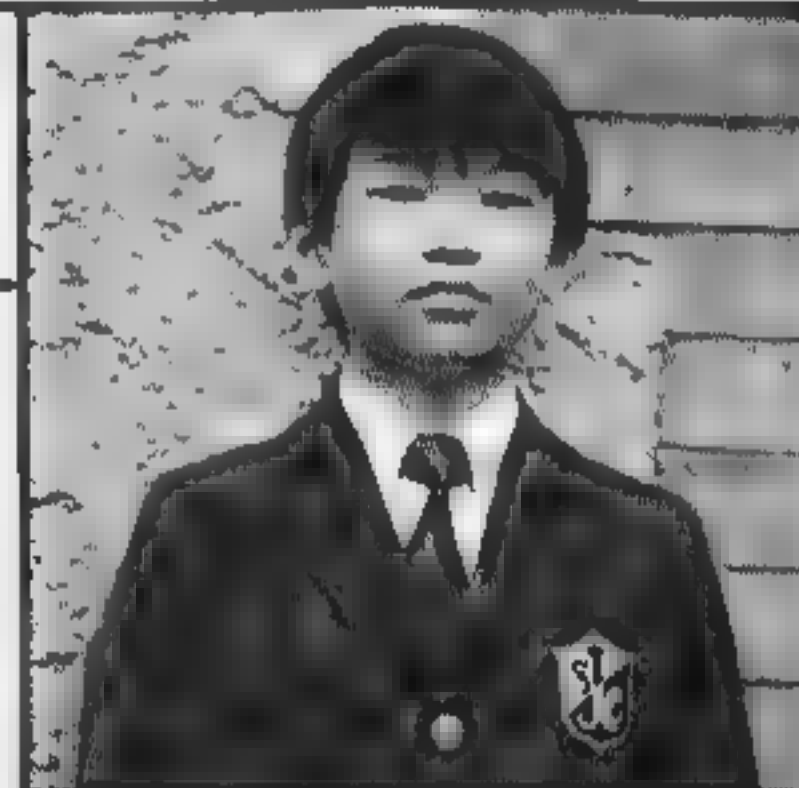

It will be nice to enter high school next year with my classmates.

Masayuki Shimura

As a freshman, I think the studying will be very hard.

Koei Sugawara

Graduation: I think that it will be the most important time in my life.

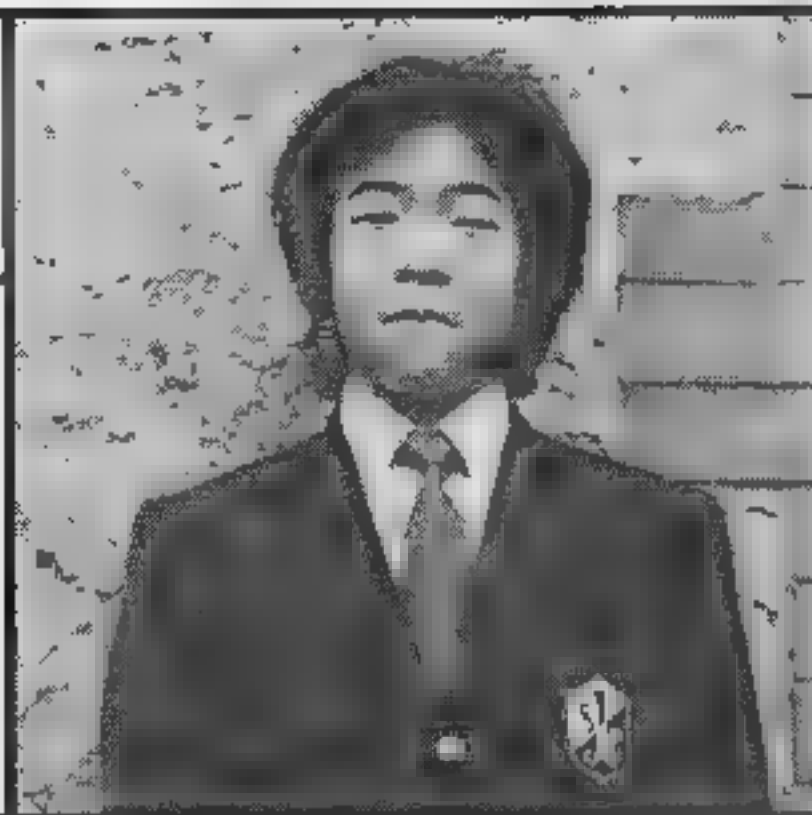

Tokushi J. Tominaga

I'm anxious about becoming a ninth grader. I'm not sure if I'll graduate or not, but still I don't feel any anxiety about graduation.

Daisuke Wada

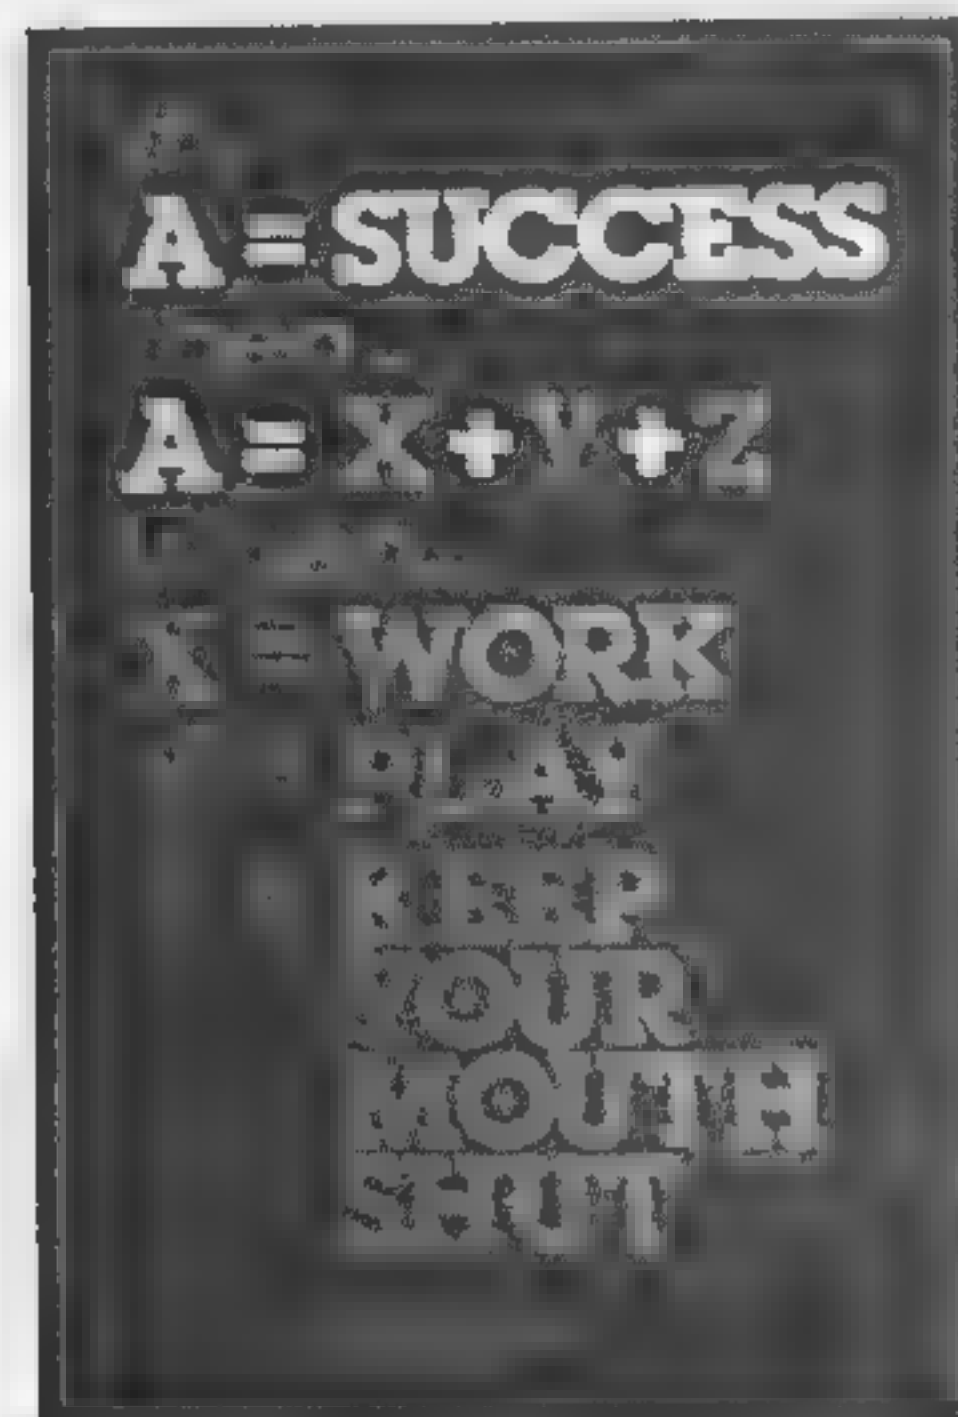

I don't feel anything special about going up to the 9th grade.

Yoichiro Paul Yuki

I think graduating from grade school is one step forward in study. We add up eight years and start a new year once more.

Forward with Faith, 8th Grade Graduates

The 1982 Eighth Grade Class is a close-knit, friendly bunch. When four new pupils joined the class this year, all the other students readily welcomed them. Thanks to this understanding, these individuals are now an important part of the class. Whether it is in the class room or on the sports field, the Eighth Graders can be counted on to give their all. More than a third of the class is on the baseball team, and others are active in tennis, scouting, soccer, and dramatics. The class brims over with energy for life, often manifested in the love of music and sport. Although the Eighth Grade Class did not always reach the exalted goals which it set for itself, the students always enjoyed the challenge. 1981-82 has been a year of maturing, learning hard, laughing hard. I can only hope that 1983 will be equally fun-filled.

Mr. Jeffery Miller
Homeroom teacher

Come on! Come in!

Children, respect a father's rights,
 So that you may live long.
 He who honors his father
 Makes up for many faults.
 He piles up richness
 Who reveres his mother.
 A son who honors his father
 Will be gladdened by children.
 A father's blessing
 Gives a family firm roots;
 A mother's honor
 Gives fruit to the growing vine.

A kind mouth multiplies friends.
Let your acquaintances be many,
But one in a thousand your confidant.
A faithful friend is a sturdy shelter;
He who finds one finds a treasure.
A faithful friend is beyond price,
No sum can balance his worth.
A faithful friend is a life-saving remedy.
Fear God, and you shall find
Such a priceless friend.

One goal we couldn't fulfill in the Student Council was the movie, due to some difficulties. But with 100 percent cooperation, we fulfilled all goals. High school students have chosen good representatives who care about their school.

Yelled and screamed at by Mr. Alff, scolded by Bro. McKee, ignored by the chaperons, fooled around by the members, I had hard times in organizing the dances. Yet, I enjoyed the obligation of becoming the chairman. I believe that this year's dances were not bad at all compared with any dances of the past. I am proud of this year's committee and I'm sure that it will be a great memory in my future time.

Talk it up. Pick it up.

Cheer, far and near.

Better a poor man strong and robust

A heartache can destroy one's health.

FIGHT AND FIGHT!

All in all, I believe we had a prosperous, hard, and yet an enjoyable season. I can't believe we were ever near victory, but I hope that our inexperienced members will in a few years gain more skill and talent to bring back that trophy. Good luck with HOPE, WILL, and COOPERATION.

CAPTAIN

This year I saw many young inexperienced players get together, train reasonably well and gain a lot of valuable experiences. With so many of last year's team having graduated or left the school, this year's team regularly included five or six freshmen and sophomores (the 8th grader Matsui, who played our goalkeeper, deserves a lot of thanks from his teammates). It takes some time to build up a successful soccer team, hopefully this year was the first step.
